*RE: Initial Notification for one Caterpillar 3516 LE Compressor Engine  
NSPS JJJJ – Standards of Performance for Stationary Spark Ignition Internal Combustion  
Engines  
RW Gathering LLC. – Ecker Compressor Station  
Derry Township, Westmoreland County, PA*

Dear Mr. Wayner:

RW Gathering LLC recently installed a reciprocating compressor engine at their Ecker Compressor Station in Derry, Westmorland County, Pennsylvania. The new reciprocating compressor engine has a rated horsepower greater than 500 and a manufactured date of 6/13/2008. Therefore, the recently installed engine is an affected source under Title 40 CFR 60, Subpart JJJJ (*Standards of Performance for Stationary Spark Ignition Internal Combustion Engines*).

The new reciprocating compressor engine located at the Ecker Compressor Station is not certified. Therefore, pursuant to 40 CFR §60, Subpart JJJJ (*Standards of Performance for Stationary Spark Ignition Internal Combustion Engines*) and §60.7 of the General Provisions (regarding Notifications and Record Keeping), this letter provides an initial notification for the installation of a reciprocating compressor engine at the RW Gathering LLC Ecker Compressor Station.

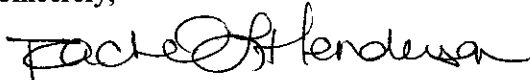

The following are provided in accordance with the initial notification information requirements of §60.4245(c):

1. Name and address of the owner or operator:  
*RW Gathering LLC  
1000 Town Center  
Suite 130  
Canonsburg, PA 15317*
2. Address of the affected source:  
*Ecker Compressor Station  
287 Bergman Road  
Derry, PA 15627*
3. Engine Displacement:  
*4,210 cubic inches*

Williams will perform all required testing and monitoring and will maintain and report all necessary records according to NSPS JJJJ requirements. By meeting the requirements of 40 CFR §60, Subpart JJJJ (*Standards of Performance for Stationary Spark Ignition Internal Combustion Engines*), the new engine also shows compliance with 40 CFR Section §63, Subpart ZZZZ (*National Emissions Standards for hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines*) for stationary reciprocating internal combustion engines located at an area source of hazardous air pollutants under Section §63.6590(c).

Thank you for your assistance in this matter. Feel free to contact either Mr. Todd Thompson, Environmental Team Lead, at 918-573-9760 or Mr. Randy Reimold, Environmental Specialist Staff, at 724-873-3414, should you have any questions or if you require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Rachel Henderson". The signature is fluid and cursive, with the first name "Rachel" and last name "Henderson" clearly distinguishable.

Rachel Henderson
